

Programme

INTERNATIONAL SOCIETY
FOR GESTURE STUDIES

8TH INTERNATIONAL CONFERENCE

CAPE TOWN, SOUTH AFRICA | 4 - 8 JULY 2018

*PLEASE NOTE THAT NO PHOTOGRAPHY OF CONFERENCE PRESENTATIONS IS ALLOWED, AS IT WOULD BE A BREACH OF RESEARCH ETHICS

Wednesday 4th July 2018

14:00-16:30	Registration
Venue	VOC North
16:30-17:00	Opening of the Conference
17:00-18:00	Plenary speaker: Sotaro Kita - Gesture, language and thought
18:00-18:30	Tribute to Charles Goodwin (1943-2018): Pioneer in social interaction research - Streeck, Haviland
18:30-19:30	COCKTAIL FUNCTION (sponsored by John Benjamins)
	HANDS UP (ART EXHIBITION) - Susan Woolf ; SPEAKING HANDS (PHOTOGRAPHIC EXHIBITION) - Clive Gray

Thursday 5th July 2018

08:30	Registration				
Venue	VOC North				
09:00-10:00	Plenary speaker: Judith Holler - Coordinating minds and social interaction with the body				
10:00-10:30	TEA				
	Session 1	Session 2	Session 3	Session 4	Session 5
Venue	Paarl	VOC South	Stellenbosch	VOC North	Constantia
Parallel sessions	Anthropology of gesture: keynotes	Gesture & speech	Sign language	Changes in gestural representation during early and late language development - Colletta	Gesture & language learning
	Chair: Covington Ward	Chair: Göksun	Chair: Morgenstern		Chair: Peck
10:30-11:00	The total gestural fact? Gesture in Anthropology and the Anthropology of Gesture - Lempert	Gestural introduction of referents in connected discourse - Debreslioska, Gullberg	Speakers' gestures predict the meaning and perception of iconicity in signs - Ortega, Schiefner, Özyürek	Representational strategies in children's gestures and signs - Capirci, Renzo, Proietti, Volterra	Seeing iconic gestures promotes lasting word-category knowledge about verbs in children - Aussems, Kita
11:00-11:30		When multimodal systems collide: Interpreting multimodality between hearing and deaf interactants engaged in a shared task - Shaw	Non-signers are sensitive to verb and noun encoding in sign languages - Verhoef, Lepic, Padden	A developmental investigation on early representational gestures across Bantu and Romance languages - Colletta, Capirci, Brookes	The effect of typical and atypical iconic gestures on adult narrative comprehension - Dargue, Sweller
11:30-12:00	Talking with the face only: multifunctional gaze in speech and sign in highland Chiapas - Haviland	Temporal coordination of gesture, prosody and information structure in Turkish - Turk	Measuring iconicity in sign language: Effects of linguistic knowledge and transparency on perceived iconicity - Emmorey, Sevcikova Sehyr	Development of representational gestures in Sesotho speaking children's narratives - Agyepong, Mahura, Nteso, Brookes	Several mother tongues, one gesture: Meaning construction in the foreign language classroom - Ingerpuu-Rümmel
12:00-12:30		The gesture / prosody correlation and its variability: spontaneous speech vs actor's performance - Cantalini, Moneglia	Realistically animating proforms involving placement and movement in sign languages - McDonald, Filhol, Braffort, Wolfe	An experimental study of metaphoric co-speech gestures across age groups - Hadian-Cefidekhanie (Colletta) [Discussant - Stam]	Do bilingual and monolingual children use iconic gestures in speech disambiguation? - Marentette, Nicoladis
12:30-13:30	LUNCH				

Venue	Paarl	VOC South	Stellenbosch	VOC North	Constantia
Parallel sessions	Gestural diversity and gestural typology, part 1 - Cooperrider, Le Guen	Gesture & speech	Sign language	Gesture and development	Gesture & language/maths learning
		Chair: Ferré	Chair: Özyürek	Chair: Proietti	Chair: Aussems
13:30-14:00	A typological sketch of gesture in Yupno (Papua New Guinea) - Cooperrider, Slotta, Núñez	The role of gestures in the perception of boundaries in speech - Lelandais, Ferré	The nature of L1 & L2 phonological representations in a signed language: 3D or orientation-specific? - Watkins, Abdulkarim, Thompson	Multimodal adaptation to pragmatic constraints in a complex language task: a developmental investigation - Mazur-Palandre, Colletta, Lund	Motivation and gesture in foreign and second language development: A mixed methods study of Chinese learners of English - Tian, McCafferty
14:00-14:30	Verbo-gestural negation in Savosavo - Bressemer, Wegener	Reduction of gesticulation and information patterning strategies in acted speech - Cantalini, Moneglia	Perspective shift in L2 sign language learners - Rathmann	Neural integration of semantic information from speech and iconic gesture in children - Sekine, Schoechl, Mulder, Holler, Kelly, Furman, Özyürek	Gesture, listening practice, and vertical spatial operation - Kunisawa
14:30-15:00	Spoken and visual negation in two languages of Ecuador - Floyd	Surprise: syntax, gesture and prosody go hand in hand - Dal Farra, Giorgi	Predicting human action: Shadowing linguistic and non-linguistic body movements - Brozdowski, Emmorey	Children's use of gestures to mark narrative structure - Graziano	Identifying patterns of gesture behind everyday science concepts: evidence from science educators - Ghazali-Mohammed, Manches, Price, Thomas
15:00-15:30	Corpora, data methods and gestural typology in Syuba - Gawne	Creating sense with nonsense: Pervasive use of iconic co-vocalized gestures in artistic settings - Skubisz	Sign language experience affects comprehension and attention to co-speech gesture - Lu, Burke, Goldin-Meadow, Woodward	Intra-individual differences in iconic gesture use in children's narratives - Marentette, Furman, Suvanto, MacLurg, Nicoladis	Timing matters: Gestures preceding or occurring with speech facilitate math learning - Lepic, Lu, Koumoutsakis, Levan, Mistak, Standley, Church, Goldin-Meadow
15:30-16:00	TEA / POSTER SESSION				

Venue	Paarl	VOC South	Stellenbosch	VOC North	Constantia
Parallel sessions	Gestural diversity and gestural typology, part 2 - Cooperrider, Le Guen	Gesture & speech	Sign language	Gesture and development	Gesture & maths learning
		Chair: Kelly	Chair: Kaneko	Chair: Colletta	Chair: Byelund
16:00-16:30	There's a fine line between gesture and sign: Exploring the semiotic diversity and distribution of an action for GO in Central Australia - Green	Gesture during speech disfluencies: a functional analysis - Jehoul	Articulatory relationships across sign languages - Abner, Geraci, Lettieri, Yu	Show me how you feel: Do parents' gestures promote children's understanding of mental states? - Nelson, Vallotton, Farkas	How gesture facilitates diagram construction in calculus - Infante, Gallagher, Hood, McCarty
16:30-17:00	Exploring the multilingual mind in speech and gesture: A focus on West Africa - Krajcik	How does restraining and encouraging the use of gestures affect speech? A prosodic analysis - Cravotta, Busà, Prieto	A kinematic investigation into the phonetic reduction of reference marking in a young sign language - Stamp, Dachkovski, Sandler	Parental verbal responses to infants' index- and handpoints - Grimminger, Rohlfing, Lüke, Liszkowski, Ritterfeld	Chunking in gesture can facilitate mental abacus problem solving - Kisa, Brooks, Goldin-Meadow
17:00-17:30	A typological sketch of gesture in Yucatec Maya (Mexico) - Le Guen	Does gesturing affect sensorimotor knowledge? A pre-registered study - Pouw, Wassenburg, de Koning, Hostetter, Paas	Gradual recruitment of body articulations for discourse structuring: Case study in a young sign language - Stamp, Dachkovski, Sandler	Use of pointing by young hearing children of Deaf parents - Kanto	How does gesture influence visual attention during mathematical learning in college students? - Hendrix, Fenn, Cook
17:30-18:00	Discussant - Kita	Hands-on emotion: Gesturing while speaking produces an adaptive physiological response - Geyer, Pearlman, Tomlinson, Kelly	Velocity peaks in repeated German Sign Language (DGS) signs: A motion-capture study - Vajrabhaya, An, Grote, Philipp, Mittelberg	Can we identify the relationship between gesture and language development at earlier ages with the help of looking while listening task? - Koşkulu, Ger, Küntay	Does gesture help learners create procedural knowledge and resist interference? - Fenn, Cook

Friday 6th July 2018

08:30	Registration				
Venue	VOC North				
09:00-10:00	Plenary speaker: Yolanda Covington-Ward - Gesture and power: Religion, nationalism, and everyday performance in Congo				
10:00-10:30	TEA				
	Session 1	Session 2	Session 3	Session 4	Session 5
Venue	Paarl	VOC South	Stellenbosch	VOC North	Constantia
Parallel sessions	Multimodality in the verbal arts, part 1 - Green / Anthropology of gesture: keynote	African sign languages - Nyst	Interaction	Analyzing gesture movement quality in relation to aspectuality across languages: Video coding, a kinesiological approach, and motion capture - Cienki	Gesture and learning
	Chair: Lempert		Chair: Hassemer		Chair: Broders
10:30-11:00	Action matters: Visible representations of kinship in Central and Northern Australia - Green	Gestures in creative South African Sign Language (SASL) - Kaneko, Morgan	Embarrassment laughter in the discourse of linguistic adaptation - Bergelson	Gesture movement quality, verb tense, and aspect across three languages: L1 and L2 - Cienki	Using gesture to create new ideas: the self-oriented function of gesture for child and adult problem solvers - Kirk
11:00-11:30		Defining Visual Vernacular in South African Sign Language (SASL): Exploration of how the visual vernacular form is represented in creative SASL - Asmal	Multimodal vagueness as a politeness strategy - Vincze	Grammatical aspect, tense, verb semantics, and gestures in Russian, French, and German - Morgenstern, Müller, Hotze, Denisova, Iriskhanova, Cienki	Exploring insights from gesture into young children's scientific thinking - Thomas, Price, Ghazali-Mohammed, Manches
11:30-12:00	From sand to screen: Embodied actions in multiple media from the Western Desert - Marrkilyi Ellis, Kral	Deaf parents and their children's gestures and signs of negation: The case of rural and urban deaf families in Côte d'Ivoire - Tano	Deciphering indirect messages from nonverbal behaviours in face-to-face communication - Tobin, Chu	A kinesiological approach to boundary schemas - Boutet, Morgenstern, Cienki	Composites of gesture and speech in concept development by Chinese speakers of English - Stevens
12:00-12:30	Sand drawings: Field notes on a Melanesian way to memory - Baron	African Sign Languages and the typology of colour signs - Nyst	DynAVIS: Visualizing static multimodal annotations in a dynamic virtual environment - Kuffner, Evola, Ribiero	A pipeline for motion capture recording and analysis of movement data using an intrinsic frame of reference - Jego, Boutet	The role of action and gesture in supporting young children's mental transformation skill - Levine, Goldin-Meadow, Carlson, Hemani-Lopez
12:30-13:30	LUNCH				

Venue	Paarl	VOC South	Stellenbosch	VOC North	Constantia
Parallel sessions	Multimodality in the verbal arts, part 2 - Green / Anthropology of gesture: keynotes	New sign languages	Interaction	Gesture politics - Streeck	Gesture and learning
	Chair: Green	Chair: Mesh	Chair: Bergelson		Chair: Graziano
13:30-14:00	Celestial pointing for time reference in Nheengatú narrative (and beyond) - Floyd	Points of comparison: What pointing gestures tell us about the origins of signs in San Juan Quiahije Chatino Sign Language - Mesh	Different word learning contexts modulate the learnability of iconic signs - Lu, Thompson	Gesture politics: An old agenda and some new examples - Streeck	Educators' awareness of their gestures during a pedagogical activity taken place in a museum - Al Khatib, Gacogne, Jorro
14:00-14:30		Quantifying emergent structure in Nicaraguan Sign Language using motion tracking technology - Flaherty, Stewart, Kirby	Experiencing metaphors with others: the emergence of metaphorical gestures in artistic settings - Opazo, Paredes	Mimesis on the campaign trail: How Clinton and Trump personified one another - Ingram	What makes a good gesturer? - Tellier, Stam
14:30-15:00	Natural conventions: Gestural diversity and its limits - Cooperrider	Structural cues for symmetry, asymmetry and non-symmetry in Central Taurus Sign Language - Ergin, Senghas, Jackendoff, Gleitman	Transforming thoughts with hands: A case study of co-operative gesture in collaborative meaning-making in psychotherapy - Philipsen, Trasmundi	Poetics and populist aesthetics in political gesture - Lempert	What pedagogical gesture teaches us about how social context influences gesture production - Yerian, Tellier
15:00-15:30		TYPANNOT, a new glyphic system to annotate handshapes in any sign languages - Rébulard, Danet, Contesse, Bianchini, Dauphin, Chèvrefils-Desbiolles, Doan, Boutet	What enables miming in conversation? Mimetic performance and audiovisual performability - Usuda	How politicians ideologize difference through multimodal viewpoints - Ingram	Functions of gestural holds in language learning interactions - Smotrova
15:30-16:00	TEA				

Venue	Paarl	VOC South	Stellenbosch	VOC North	Constantia
Parallel sessions	Anthropology of gesture: Gesture & culture	Gesture & sign	Interaction	Gesture and habit across communities of practice - Hwa /	Gesture and learning
	Chair: Le Guen	Chair: Janzen	Chair: Pederson		Chair: Tellier
16:00-16:30	Communicative 'culture' in great ape gesturing - Pika, Deschner	Constructed action types and eye behavior in Finnish Sign Language - Jantunen, Burger, Puupponen	Interplay of choreographic decision-making and bodily communication between choreographer and dancer - Fonseca, Fernandes	Attunement in bodily rhythm: intercorporeality in autistic repetition - Chen	Speech and gesture development of Xhosa speakers learning English - Stam, Brookes
16:30-17:00		Reflections on the integration of gestural and linguistic elements in enactment structures - Saunders	Mutual re-enactment of individual experiences: Co-participated embodied recounting of individual experiences as a resource for interpersonal coordination and intercorporeal sense-making - Katila, Philipsen	Enacting intercorporeality in somatic practice: Two empirical studies - Hwa, Reichert	Transfer in gesture: L2 descriptions of placement events - Hoetjes
17:00-17:30	Panel discussion: Contribution of Anthropology to Gesture Studies - Kendon, Cooperrider, Covington Ward, Green, Haviland, Kita, Mesh, Müller, Pika, Le Guen (Chair)	Gesture and sign on common ground: The social functions of manual and gaze behavior in older Belgian French (BF) speakers and Belgian French Sign Language (LSFB) signers' interactions - Lepeut	Iconicity and gesture reduction: A study on marking in dance - Evola, Fernandes, Jürgens	Gesture in embodied perception and the philosophy of disability - Reiwitch	Conversational movement dynamics and non-verbal indicators of second language development: A microgenetic approach - Bragg, McCafferty
17:30-18:00		Semiotic diversity across the lexico-grammar in Auslan: a window on other signed languages too? - Johnston, Schembri	Dominance in sales negotiations. A multimodal approach - Oben, Tummers		Co-speech gestures in L1 and L2 narratives: The role of proficiency, cognitive loads and cross-linguistic influence - Lin
19:00	Buses leave for GALA DINNER from Cape Sun Hotel				

Saturday 7th July 2018

08:30	Registration				
Venue	VOC North				
09:00-10:00	Plenary speaker: Olga Capirci - Visible bodily action in the emergence and development of speakers' and signers' languaging				
10:00-10:30	TEA				
	Session 1	Session 2	Session 3	Session 4	Session 5
Venue	Paarl	VOC South	Stellenbosch	VOC North	Constantia
Parallel sessions	Anthropology of Gesture - Gesture and its role in signed language emergence, part 1 - Le Guen, Mesh	Typology: deictics	The timing and functional relations between speech and head behavior (nods, gaze, and facial gesture) - Pederson	Gesture and impairment	Gesture and grammar
		Chair: Saunders		Chair: Goksun	Chair: Mahura
10:30-11:00	From emblems to grammar: Gesture as a source for an emerging sign language in Mexico - Hou, Mesh	Pointing gestures and Locative deixis: an analysis of the deictic <i>aqui</i> (here) in Brazilian Portuguese multimodal data - Avelar, Pinheiro	Prominence, prosody and the functions of head and eyebrow movement in newsreading and spontaneous dialogue - House, Ambrazaitis	Differential role of gestures on spatial language in patients with speech deficits and elderly adults - Özer, Chatterjee, Göksun	Temporal gestures in Afrikaans - Broders
11:00-11:30	Person reference in Yucatec Maya Sign Language (Mexico) - Le Guen, Kinil Canche, Collí Hau, Collí Collí	Tight link between pointing gestures and spatial demonstratives is unidirectional - Peeters	Methods for describing the temporal relations of multimodal behaviour - Stave, Pederson	Gesture and speech prosody in aphasia - Ferré	What does graph segmentation and description tell us about speech-gesture-referent relation? - Alacam, Habel
11:30-12:00	From gesture to sign: An intergenerational approach to negation in an emerging sign language - Lutzenberger	Gesture repetitions in the political-religious speeches: a multimodal analysis - Lisboa, Graça, Avelar	Using kinetic head gesture data to detect phases of strong or weak agreement in multimodal interaction - Brenger, Mittelberg	Pantomime and perspective-taking in children with Autism Spectrum disorder - Ferretti, Adornetti, Chiera, Nicchiarelli, Wacewicz, Żywicznyński, Marini, Vicari, Magni, Valeri	List construction and list constructing in gestures: A view from Israeli Hebrew - Inbar
12:00-12:30	When modality does not allow mixing: Bilingual-bimodalism in Yucatec Maya and Yucatec Maya Sign Languages (Mexico) - Petatillo Balam	An account of the structural diversity in pointing gestures - Hassemer, McCleary	Multimodal grounding in interactional humor: A corpus-based study using eye-tracking data - Oben, Brône		
12:30-13:30	LUNCH				

Venue	Paarl	VOC South	Stellenbosch	VOC North	Constantia
Parallel sessions	Anthropology of Gesture - Gesture and its role in signed language emergence, part 2 - Le Guen, Mesh	Typology	Interaction	Rethinking the role of gesture in signed language discourse - Janzen	Gesture and grammar
		Chair: Federova	Chair: Holler		Chair: Gullberg
13:30-14:00	"When you were that little...": From Yucatec Maya height-specifier gestures to Yucatec Maya Sign Language person-classifier signs - Safar	What can we learn about covert negation from co-speech gestures? A view from Israeli Hebrew - Shor, Inbar	Seeing turn transitions from the perspective of the unaddressed participant: A case study of question-answer sequences in Flemish Sign Language - Beukeleers, Brône, Vermeerbergen	Revisiting gesture-sign continua: Continuity or discontinuity? - Müller	More than "co-speech": Gesture in multimodal depictions - Hsu, Fayaerts, Brône
14:00-14:30	The use of space in Seychelles Sign Language (SSL) - Risler	From washing to rejection: The development of a Hausa gesture of negation - Will	Posture for gesture during an instructive task in Kansai Japanese - Amatani	What I know is here; what I don't know is somewhere else - Shaffer, Leeson, Janzen	Directional adverbial constructions: A point of syntactic and semantic integration of gestures into grammar? - Schöller
14:30-15:00	Discussion - GENERAL	Source-Goal asymmetries: Where do they come from and what parts of communication do they get to? - Abner, Lotwisch, Hussein, Lakusta	"Don't make that face!" What face? The onomasiological bottleneck in the description of facial actions in interactional contexts - Vilela de Lima, McCleary	Does signed language grammar include gesture? - Leeson, Shaffer, Janzen	Bimodal musical pitch metaphors in Swedish and Turkish: When speech and gesture both converge and diverge - Christensen, Gullberg
15:00-15:30		"Guilty as charged": Index finger pointing as an emblem - Vajrabhaya, Harvey		Shared spaces, shared mind: Connecting past and present gesture spaces in ASL narratives - Janzen	
15:30-16:00	TEA / POSTER SESSION				

Venue	Paarl	VOC South	Stellenbosch	VOC North	Constantia
Parallel sessions	Anthropology of Gesture: Keynotes	Typology	Interaction	Gesture and early child development	Gesture and cognition
	Chair: Havlland	Chair: Streeck	Chair: Ferrara	Chair: Capirci	Chair: Inbar
16:00-16:30	On ethnic sign languages and shared gesture repertoires in Africa - Nyst	Habits of feeling, action, and thought: A Peircean account of regularities in gesture - Mittelberg	Does self-touching attract more visual attention than gesticulation? An eye-tracking study - Waciewicz, Żywiczynski, Orzechowski, Augustynowicz	The relationship between pointing and language development in monolingual and bilingual infants - Warmington, Furman, Glanville, Eggleston, Kirk	Action-speech and gesture-speech integration in younger and older adults: An event-related potential study - Ouwehand, de Nooijer, van Gog, Paas
16:30-17:00		Politics and Sheng: The principal catalysts of gestural diversity and dynamism in Kenya - Nyamwange, Ondara	Perspective shift and embodiment markers in signed and spoken discourses - Parisot, Saunders	Speech + gesture combinations in infants' language socialisation across cultures - Vogt, de Jong	Gesture's potential for creativity: Not "mere" communication and spatial thinking - Härkki
17:00-17:30	Yucatec Maya multimodal interaction as a proto Yucatec Maya Sign Language - Le Guen	Give the future car a hand! - Hassemer	The function of conversational behavior in establishing co-construction of understanding: Multimodal analysis in face-to-face interaction focusing on gestures - Hanamoto	Gestures as a means to express communication acts by toddlers with Typical Development and toddlers with Cerebral Palsy - Tenenbaum, Meir, Yifat	Hearing speakers' gestures influence perception of signs at first exposure but not after training: Evidence from ERPs - Ortega, Özyürek, Peeters
17:30-18:00		Gesticulation portrait: a prerequisite for understanding gesture - Kibrik, Fedorova	Patterns of co-speech gesture in conversations involving hearing impaired adults and their frequent communication partners - Sparrow, Lind, van Steenbrugge	Seeing the unexpected in gestures: Brain activation in response to communicatively modulated kinematics - Trujillo, Simanova, Özyürek, Bekkering	
18:00-19:00	ISGS COMMUNITY BUSINESS MEETING 18:00-19:00				

Sunday 8th July 2018

Sunday 8th July 2018					
08:30	Registration				
	Session 1	Session 2	Session 3	Session 4	
Venue	Constantia	VOC South	Stellenbosch	VOC North	
Parallel sessions	Anthropology of Gesture: Keynotes	Multimodality and sensorality: Insights from interactions involving deafblind people - Willoughby	The diversity of recurrency: Recurrent gestures cross-linguistically - Harrison	Iconic representation techniques scaffolding word learning - Rohlfing	
	Chair: Cooperrider				
09:00-09:30	Gestures across Africa - Agwuele	Displaying listenership in deafblind tactile signing interactions: Bodies in motion - Willoughby, Iwasaki, Manns, Bartlett	The embodied nature of aspect – a cross-linguistic comparison of the cyclic gesture in English, Farsi, and German - Ladewig, Hirrel	Can the reduction of an iconic gesture aid long-term learning? A pilot child-robot-study - Mertens, Bergmann, Rohlfing	
09:30-10:00		How do deafblind people share their stance? A comparative analysis of expressing laughter in tactile Japanese sign language and finger braille interactions - Bono	Handling talk in German and Savosavo: A cross-linguistic perspective on discursive functions of gestures - Bressemer, Wegener	Iconic gestures improve second language tutoring by a social robot - Vogt, de Wit, Schodde, de Haas, Wilemsen, Bergmann, Kopp	
10:00-10:30	Multimodal acts of depiction: gestural productions of hand and mouth in folk definitions of ideophones - Dingemans	When nonverbal behavior is interpreted: Strong orientation toward embodiment in finger braille interpretation - Sakaida, Bono	A cross-linguistic developmental comparison of a recurrent gesture: How German, French and British children learn to shrug - Hotze, Morgenstern, Müller, Beaupoil-Hourdel	The role of iconic representation techniques in gesture-enriched vocabulary learning with a virtual tutor - Zatib, Loth, Kopp, Bergmann	
10:30-11:00		Hand positions for showing speakership: A report of language selection by the deafblind man - Makino, Bono	<i>Wiping Away</i> in situated activity: Instrumental action as source for cross-linguistic similarity in form and function of a recurrent gesture - Harrison	Seeing iconic gestures help three year olds learn verbs - Kita, Aussems, Mumford	
11:00-11:30	TEA				
Venue	VOC North				
11:30-12:30	Plenary Speaker: Eve Sweetser - The embodiment of the non-literal: Viewpoint and the bases of meaning in gesture				
12:30-12:45	Closing and announcement of ISGS 2020 conference				
12:45-14:00	LUNCH				

POSTERS (in alphabetical order)

	Gesturing vs. Tapping: the effect of different types of hand movements on metaphor processing - Argyriou, Kita	Do ironic moms talk with their hands a lot? Co-speech gestures accompanying ironic comments directed to young children - Banasik-Jemielniak	Baby Sign, mind-mindedness and language development - Bidgood, Kirk, Durrant, Peter, Pine, Rowland	Investigating emotional-cognitive development through gestures - Buescher	Individual variation in gesture comprehension: The role of empathy - Cohen, Agryriou
	When gestures affect syntactic structures: A case of postposed construction in Japanese conversation - Den	Gesture accompanying usages of the Japanese spatio-temporal deixis kore and sore embedded in collaborative activities: Case studies from preparing works for Dosojn festival in Nozawa-Onsen - Enomoto, Takanashi	Perspective in Norwegian Sign Language scene depictions - Ferrara, Ringsø	Data transparency and citation in gesture - Gawne, Krajcik, Andreassen, Berez-Kroeker, Kelly	Eye gaze and simultaneous constructions in Zinacantec family homesign - German
	Early Language Acquisition in French Sign Language: preliminary data on gestures and signs development - Guy-Guyenet, Bogliotti, Lacheret-Dujour	How gesture and action guide children's attention during word learning - Hall, Wakefield	The multimodal organization of children's social locomotor play - Hoey, DeLiema, Chen, Flood	The effects of gesture on children's spatial and event memory - Kartalkant, Göksun	Lexical variation in Ethiopian Sign Language - Kidane
	Individual differences in gesture production during spatial tasks - Tansan, Özer, Göksun	The effects of observing and producing gestures on foreign word learning - Shinooka-Phelan, Sweller, Austin	How language & culture shape gesture in Arabic and English speakers: A cross-cultural study - Alsubhi, Kita, Littlemore
